

# DJ BLACKS / BLACK PHANTOM SOUND

Anil aka DJ Blacks is from Jamaica; where music is omnipresent, especially Reggae and Dancehall. Rhythms are buzzing in every house, every bar, on the white beaches and even in the streets.

In his youth he was inspired by his older brother, who was active with the sound system "Culture Vibes" in Switzerland, to spin records himself. He got known quickly in his neighborhood for his unique way to get people hot and dancing in the dance hall. Not at last because of his intoxicating vibes.

At the age of 21 he also moved to Switzerland. But even the cold weather couldn't stop DJ Blacks to play his hot tracks. He's been building his DJ and his sound system's name in numerous Clubs in Zurich since. Within just one year he was invited to play in clubs such as: **Dynamo, K5, Schiffsbau, Sugar Lounge, Club Hey, Vibrator Club, Provitreff, XXL and Soulside in Männedorf.**

DJ Blacks lives for his music. It constantly drives him to new creative ideas. It is this passion for these stirring rhythms and his dynamic, personality and energy that makes people dance and gives them a whole new dance hall experience. A innovative DJ for an innovative Party.
